We hope that you can attend and meet our staff, learn about upcoming projects and recent changes to our contract documents, and discuss current industry challenges.

Because of the ongoing public health crisis we ask that you please RSVP by Friday, November 5 if you plan to attend in person.

RSVP: Star Glaze, Contract's Administrator, sglaze@stpud.dst.ca.us

Masks will be required indoors and the meeting space will be set up to optimize social distancing.

If you cannot attend in person, the event will be recorded and posted, along with our presentation, on the Engineering page of the District's Website at www.stpud.us
