

Statement on Accessibility

The South Tahoe Public Utility District is committed to making our website accessible and usable by all people, including those with disabilities and users of assistive technology such as screen readers. We achieve this by complying with Web Content Accessibility Guidelines 2.0 Level AA (WCAG 2.0 AA).

Accessibility is an Ongoing Process

We periodically contract with third-party accessibility consultants to audit for and remediate the site to comply with WCAG 2.0 AA guidelines using automated testing tools and manually. The District also updates its site between audits, which may impact accessibility as the site is edited.
